

Privacy Policy for TunePrompt

Effective Date: May 30, 2026

1. Introduction

Areej Fatima ("we," "our," or "us") operates the TunePrompt mobile application. This Privacy Policy informs you of our policies regarding the collection, use, and disclosure of personal data when you use our service.

2. Information Collection and Use

We collect several different types of information to provide and improve our service:

- **Authentication Data:** When you sign up, we collect your email address and profile information via Clerk to manage your account access.
- **Prompt Data:** When you use the app to generate prompts for video editing, automation, or SEO, we store these prompts in our database (PostgreSQL) to provide you with a history of your activity.
- **AI Service Interaction:** Your prompts are transmitted to the Groq API to generate the requested creative output. We do not own the data processed by the AI provider, but it is necessary for the app to function.

3. Data Storage and Security

Your data is stored securely using Drizzle ORM and PostgreSQL. We implement standard security measures to protect your information from unauthorized access or disclosure.

4. Disclosure of Data

We do not sell your personal information. We only disclose data if required by law or to protect our legal rights.

5. Contact Us
